JEWISH RELIEF CAMPAIGN CLOSES IN BOURBON

Raising an excess of \$603 over the required \$2,000 quota for Bourbon county, the campaign in this city and county for the Jewish Relief Fund came to a glorious close yesterday. The teams of solicitors have been energetic and faithful in the performance of their duties, making it possible for Bourbon to be the first county in this district to report its full quota and more, raised before the specified time.

Chairman William Shire reported to District Chairman Jonas Well yesterday that Bourbon county had "gone over the top" in the matter of raising its quota, and that the sum of \$2,603 had been secured. Of this amount the larger portion was in cash, a very small per cent of pledges remaining to be collected. The sum of \$1,070 was raised among the Jewish residents of the county, there being only fourteen families in this city to take part in the campaign. The response to the appeal in behalf of the starving Jews and Russians of Europe was a spontaneous one, and showed the milk of human kindness still was more than a figure of speech. We thought we had become surfeited with "drives" and "campaigns," but our people could not have it said of them that they were callous to the cries of starving women and children. One who could not be touched by an appeal like this must have been hardened to the very last degree.

Mr. Shire and assistants desire through THE NEWS to return their sincere thanks to those who contributed to this worthy cause, and to assure them that each will receive a silent vote of thanks from the hungry mouths that this money will help to feed.

BASE BALL

With its membership in the National Association of Professional Base Ball Clubs already granted, according to a telegram received from J. H. Harrell, secretary of the Association, and with all the clubs in harmony and highly enthusiastic over the prospects of the venture, the Blue Grass League is all set and ready to make its first season a highly successful one. President Thomas M. Russell, of Maysville, announced after the meeting held in Paris, Monday night.

At the meeting it was decided that on account of the fact that Sunday base ball had been prohibited in Winchester, that city's Sunday games will be changed to Saturday, and that the first game of the season will be on Thursday, April 20, when Winchester will play Maysville. The other opening game will be on Sunday, April 23, with Paris at Lexington, and Cynthiana at Mt. Sterling. This change in dates will necessitate a slight revision in the schedule for the season.

Every club in the League, Lexington, Paris, Winchester, Mt. Sterling and Cynthiana, was represented at the Monday night meeting, which was a most enthusiastic one in every respect.

"Contracts will begin arriving in a few days," said President Russell at the close of the meeting, "and the signing will begin immediately. Every one of the six clubs in the Blue Grass League is now protected by the National Association. All of the clubs have begun making preparations for the coming season. Cynthiana and Paris have just closed contracts for buildings and improvements of a substantial character, while Maysville has bought a \$21,000 site for a park on Forest Avenue. Other clubs are either building new parks or making additions to the old ones."

While the full amount necessary has not yet been raised in Paris the sale of the stock in the new club is going steadily forward. The managers and promoters are not ward. The managers uak"kkpeea waiting for that, but are going ahead, getting things in readiness for the opening game, and for the exhibition game with the Boston Red Sox on April 8.

Manager Goodman announces that the Paris team will be known as the Mammoths, and that the new uniforms will be donated to the team by Richard Webb, Jr., proprietor of the Mammoth Garage in Paris and Lexington. The uniforms will be of grey and blue, with navy blue stockings and gray cap, with navy blue visors.

The park will be ready for the tryout practice within the coming week. The grand stand and bleachers are about completed, and work is being pushed on the nine-foot fence surrounding the grounds.

Manager, B. F. Goodman, reports the following players signed up for the Paris team, all of whom will report for practice as soon as weather conditions are suitable: Parsons, of Maysville, infielder; Maxey, Cowan, Ky., catcher; Hammonds, Cowan, Ky., outfielder; Sheppard, Piqua, Ky., pitcher; Hughes, Carlisle, pitcher; Wagoner, Carlisle, outfielder; Howard Wills, Paris, first base; Oliver Mann, Paris, third base; Stokeley, Lexington, outfielder; Powell, Nepton, Ky., catcher; Clarence McCord, Maysville, pitcher; Ratliff, Lexington, catcher; Brewsbaugh, Paris, infielder; Baldwin Woods, Paris, second base.

Mr. T. T. Marshall, secretary of the local club, and other club officials, are planning to make Thursday, April 23, the opening day of the season in Paris a big one, when Cynthiana will play here. All business men are giving the matter their attention, and many have agreed to close their places of business during the hours of the game.

Next to the game itself, the feature of the day will be a parade, participated in by business men and hundreds of baseball "fans." The parade will be led by the Maysville Boys' Band. The grounds are being put in the finest condition, and on the opening day the patrons of the game will find Paris equipped with one of the best playing grounds in the League. The people are enthusiastic, and from the opening game to the close of the season the predominating idea will be for the Paris team to win the pennant.

The Paris High School team is practicing every day the weather permits, and will be in good trim

PARIS HIGH SCHOOL NOTES

The Paris City Schools are planning two lecture courses to begin April 17 and run for one month. One course is being planned for the High School boys and another one for the High School girls. The lecture courses will be known as "Vocational Guidance Lectures." The boys in the High School will be told the advantages of being mechanical engineers by Dean Freeman, of State University.

The same will be treated of law, medicine, ministry, teaching, Y. M. C. A. work, music, art, agriculture, banking, wholesale merchandising, retail merchandising, life insurance, diplomatic service, army and perhaps other activities.

The girls' lecture course will be the same in character. Some of the State's leading speakers will bring before them the advantages and disadvantages offered by the different activities open to girls. The parents of the High School boys and girls are invited to attend these lectures and render whatever service they can in the choice of life work. These lectures are a part of the educational program that the city of Paris is carrying out for the students in the High School.

The Paris City Schools will be dismissed Friday, April 7, and resume work again Monday, April 17.

This will be the annual spring vacation for the students and will afford the students aitaTAOLN N afford to the teachers the opportunity to attend the Kentucky Educational Association in Louisville during that week.

On Monday evening, April 3, Paul "Sunshine" Dietrich, the popular community teacher, will be heard at the Paris City School. He promises 59 laughs in 60 minutes. This lecture is the ninth number in the Lyceum course, and there is one more number in the course.

The "Sorority Singers" scheduled for March 28, has been indefinitely postponed on account of sickness. The date for Paul "Sunshine" Dietrich, is Monday evening, April 3rd.

LAW VIOLATORS SENTENCED

The trial of L. T. Leach, charged with selling moonshine whisky to a minor, was held in the County Court, Wednesday, before County Judge George Batterton. This was the first case to be tried in a local court under the recently-enacted law giving County Judges power to try cases of this character.

Following the hearing of several witnesses, who corroborated the testimony of the boy, Leach was adjudged guilty and sentenced to pay a fine of \$200 and to serve a jail sentence of forty-five days. Under the provisions of the new law, Judge Batterton also required him to furnish a \$1,000 peace bond. Leach's attorney announced his intention to appeal the case to the higher courts.

Wesley Sapp, an eighteen-year-old white boy, was also tried for having in his possession three half-pints of moonshine whisky. When arrested by Patrolman George Judy, on Eighth street, Sapp claimed the liquor had been given to him by another boy to keep. He was sentenced to serve thirty days in jail and was given a fine of \$100. The whisky was found in the boy's pocket when searched by the arresting officer.

REAL ESTATE DEALS

Thursday, March 30, Mr. A. J. Duncan sold at public auction, through the real estate firm of Harris, Speakes & Harris, his one-story five-room cottage on Clifton avenue, to Mr. J. T. Tucker, for \$2,000. Possession will be given immediately. Mr. Tucker bought the property as an investment. The same firm sold for Mr. and Mrs. T. B. Kenton their two-story frame residence, located at the corner of Twelfth and Pleasant streets, to Mr. and Mrs. Albert Mitchell, for a price not given out for publication, but said to be a good one. Mr. and Mrs. Mitchell will move to the property. Possession within thirty days.

The above mentioned firm also sold for Sheriff M. Peale Collier, his one-story frame cottage on the North Middletown pike, to Mr. and Mrs. T. B. Kenton, for \$2,800. Possession immediately.

Dr. D. S. Henry, of Paris, disposed of sixty-eight building lots last week at a public sale held in Greensburg, Ky. Two lots were given away free. Dr. Henry purchased another tract of land in Greensburg, which he will plat into town lots and sell at an early date.

MOVE TO BUILD COUNTRY CLUB FOR PARIS

A movement is being promoted by local business men for the purpose of establishing a Country Club on the banks of Stoner creek, in East Paris, and the project is being sanctioned by a majority of those approached.

Among those fostering the plan are James M. Caldwell, Hiram Roseberry, Catesby W. Spears, Samuel Clay, A. B. Hancock, Ayelette Buckner, John F. Davis, C. K. Thomas, Thos. Ilti, Oscar F. Hinton, James G. Metcalfe, W. A. Thompson, F. P. Kiser and Edward Spears.

It is the plan of the promoters either to purchase or take a long lease on the property owned by Catesby Spears, in East Paris, which includes part of the farm of the late George G. White and the Honey property, near the Paris Milling Co. The dwelling will be converted into a club house, a golf course will be laid out, tennis courts built, and a bathing beach will be provided. It is the intention of the promoters to expend about \$10,000 in improving the property. Work will probably be started on the improvements in about two weeks.

"FADS AND FANCIES" AMERICAN LEGION REVUE

One of the features of the production "Fads and Fancies" which will appear at the Paris Opera house on the nights of April 5th and 6th under the auspices of the Bourbon Post, American Legion, will be a burlesque on a moving picture studio in which Collier Daves will appear as the moving picture director, and Raymond Connell as the cameraman. The characters in the picture itself will Ed Thomas, representing Lou, the husband; Irene Bramblett representing Miss Black, the vamp; Lucien Arnsperger will appear in the role of Sheriff, Miss Marie Collins will take the part of Birdie; Miss Elizabeth Culbertson will be "Sweet Lady," and the baby will be—Hold on, we forgot that this is a secret, but you cannot afford to miss seeing this character—it's some sweet baby.

The "Apostles of Pep" will be a black face specialty by Hiram Redmon and Clay Sutherland, "Marica" will be a dancing specialty in which the leading characters will be Rachel McClintock, Anne Thomas Ewalt, Carolyn Wilmoth, Virginia Cahal, Anne Catherine Duncan and Laura Smith.

The whole production, a large part of which is musical, will be composed of the best talent to be found in Paris and Bourbon county and will be full of wit and humor from beginning to end. Rehearsals are being held both afternoon and night of each day under the direction of Gale Barton, the representative of the Mariott-Cargill productions and every evidence points to the presentation on these dates of the highest class home talent production ever offered to a Paris audience.

Reserved seat sale begins Saturday at 9:00 a. m., at the Commercial Club, 407 Main street.

There would not be so much unrest if so many people were not resting.

SOLDIERS' MEMORIAL COMMITTEE PURCHASES COLLINS HOME

Final arrangements have been perfected and a deal closed with Mrs. John T. Collins, by which she disposes of her home at the corner of Broadway and High streets, to the Soldiers' Memorial Committee, for \$12,000 cash.

The house will undergo extensive improvements, and will be used jointly by Bourbon Post No. 30, American Legion and the Bourbon County Woman's Club. Possession has been given. Mrs. Collins will move to her country home near North Middletown to reside.

While there was some dissatisfaction as to purchasing the home as a memorial, the matter being finally settled, meets with approval. Many favored a memorial bridge over Stoner Creek, others a memorial in the court house yard, but the Committee's purchase of the Collins home settles the controversy for all time.

PRISONERS TAKEN TO FRANKFORT

Sheriff M. Peale Collier made his first official trip to Frankfort, Tuesday, when, accompanied by Deputy Sheriff Gilkey and John Tobin, he took to the Frankfort Reformatory the following prisoners convicted and sentenced at the March term of Bourbon Circuit Court: Frank Mussinon, colored, murderer; Charles Jones, Will Warren and James Burton, all colored, stealing from L. and N., three years each; Prince Johnson, colored, malicious shooting, five years; Claude Morris, white, sentenced to one year in the State Reform School, for chicken stealing, and James Hurt, colored, three years in the same place, for stealing coal, were taken to the Reform School later.

The Board of Directors of the Paris Commercial Club met at the Peoples-Deposit Bank Wednesday night, having offered their offices to the City Council and representatives of retail trades and professions for their joint meeting.

A committee was appointed to cooperate with Prof. Lee Kirkpatrick in establishing a summer school for teachers in Paris, and to extend an invitation in behalf of the Commercial Club to teachers from adjoining counties who contemplate a course of study during the summer. The Commercial Club desires to collect as much information as possible concerning the available supply of rooms and board for use of these visiting teachers, beginning about the middle of June.

The Commercial Club will also extend individual invitations to trap shooters, who are eligible to participate in the State shoot to be held in Paris, July 18, 19 and 20, under the auspices of the Bourbon Gun Club.

Merchants are urged to make a record of these events and dates and plan their window display to fit the spirit of the occasion. Prof. Lee Kirkpatrick will gladly furnish any merchant with a list of the teachers who may be expected to attend the summer school and certain lines of trade might find it advantageous to circulate this list of prospective visitors.

SCHOOL CENSUS MUST BE TAKEN IN APRIL

According to our present school law, the school census must be taken, by the school trustees, every second year, in even years. So next month is the time to take the census in all the schools in the county. In the rural schools, the trustees receive 5c a pupil for making the enumeration; but in the graded school districts, the Board employs a careful person to do the work, for a consideration to be agreed on between the Board and the census taker.

In this census, shall be included all children who will be six years old on the first day of next July (the beginning of the new scholas-

tic year) and not more than eighteen on the same date. A penalty of \$50 is attached to the making of a false report, besides the liability of prosecution for false swearing.

The census should be taken as early in April as convenient for the trustees. The list must be returned promptly to the county superintendent, and a duplicate copy to the county clerk. In addition, a list of illiterates and list of graduates in the common school branches shall also be returned.

Cow in a China Shop.

Mention of a bull in a china shop suggests destruction swift and complete, but a cow spent a quarter of an hour in a china shop in the main street of Tipperary without breaking or upsetting a single article. Entering the shop while the owner was absent, it went behind the counter and then passed into a room at the back. Turning round, it reentered the shop on the outside of the counter and, treading carefully, left without doing the slightest damage, to the great surprise of the crowd outside.—London Daily Mail.

PARIS TESTIMONY

Home Proof, Here, There and Everywhere

When you see Doan's Kidney Pills recommended in this paper you most always find the recommender a Paris resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Paris recommendation. Then insist on having Doan's. You will know what you are getting.

O. T. Sprake, contractor and carpenter, 304 Main street, says: "I have been sufferer from kidney trouble for many years, but Doan's Kidney Pills is the best medicine I have ever been able to find. They always give me fine relief and I can't recommend them too highly. I have been in bad shape at times and backache caused me to lay off work for several days. I was greatly annoyed by the frequent passage of the kidney secretions which contained a sandy sediment. Whenever I have any need for such a medicine I use Doan's Kidney Pills and it doesn't take them long to fix me up in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sprake had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that laziness come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

RECOVERS STOLEN AUTO

The auto belonging to Sam Collins, of Lexington, Prohibition Director, which was stolen from in front of his home in Lexington, Monday night, was found near Millersburg, Tuesday afternoon, and the discovery reported to Mr. Collins.

Two men coming to Millersburg found the machine abandoned on side of the road, close to Millersburg, and informed the Marshal of Millersburg, who in turn called up Lexington and informed Mr. Collins. Two extra tires, a spotlight and other accessories had been taken from the car. It was slightly damaged otherwise and bore evidence of having been driven some distance. The machine was taken back to Lexington by Mr. Collins.

COUNTY SCHOOL SUPT. MCVEY ASKS PERTINENT QUESTIONS

Is Bourbon County measuring up to her duty in providing an equal opportunity in education to her rural boys and girls?

Are not the boys and girls in the country entitled to an equal advantage with the city boy or girl?

Are not the boys and girls of the rural districts in Bourbon entitled to an equal advantage with the pupils in the rural districts of other counties in Kentucky?

Let us see: Fifty counties in Kentucky pay a levy of 50 cents on the \$100 valuation for schools; forty counties pay 40 cents or more; twenty counties pay 30 cents or more; four counties are not reported, and the remaining six counties pay less than 30 cents on the \$100. Bourbon is one of the six, paying as she does, 25 cents on the \$100 of valuation.

It might be interesting to know that Fayette pays 50 cents for county schools; Scott pays 40 cents; Harrison pays 40 cents; Nicholas pays 30 cents; Montgomery pays 35 cents; and Clark pays 30 cents. These are bordering counties. Let us look at some other counties in the Blue Grass which Bourbon should compare favorably in every way: Woodford pays 44 cents for county schools; Madison pays 40 cents on the \$100 valuation.

Money appropriated for common school education is not and cannot be considered as an expense; it is an investment.

Gude's Pepto-Mangan Is The Best Tonic For Nervous, Tired Out Wives

Is your wife "all tired out" and cross and irritable much of the time? Do the children "bother her to death" every day, and do the ordinary household tasks that she formerly performed with ease seem now to overtax her? In other words, do you often come home to a house of trouble instead of a house of joy and happiness?

If your answer is "yes" to these pointed questions, don't blame your wife until she has taken Gude's Pepto-Mangan with her meals for a few weeks. She is simply run-down and nervous and needs the kind of iron that she will get in Gude's Pepto-Mangan to give her more vitality and strength. For thirty doctors have recommended Gude's Pepto-Mangan as a first-class building-up tonic. Sold by your druggist in both liquid and tablet form.

Lydia E. Pinkham's Vegetable Compound Made Her Strong

Foster, Oregon.—"I used Lydia E. Pinkham's Vegetable Compound for pains across the small of my back."

"They bothered me so badly that I could do my work only with the help of my husband. One day he saw

the 'ad' in our paper telling what Lydia E. Pinkham's Vegetable Compound is doing for women so I began to take it. It has

helped me wonderfully. I am feeling fine, do all my house-work and washing for seven in the family. I have been irregular too, and now am all right. I am telling my friends what it has done for me and am sure it will do good for others. You can use this letter as a testimonial. I will stand up for Lydia E. Pinkham's Vegetable Compound any time."—Mrs. WM. JUHNKE, Foster, Oregon.

Doing the housework for a family of seven is some task. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

HERO MEDAL FOR GIRL

Notice of the award of a hero medal to Miss Nell Winn Bush, daughter of Mr. Shields Bush, of Winchester, was carried in a letter from the secretary of the Purina Hero Commission to Dr. J. H. McNeill, of Winchester. Miss Bush is a niece of Mrs. White Varden, and Mrs. James McClure, of Paris, at whose homes she has been a frequent visitor.

On August 4, 1921, while with a party from the First Christian church, of Winchester, at a picnic given at Oil Springs, Miss Bush saved Carl Fugate, a member of the small boys' classes, from drowning, by plunging in the creek where the boys had been swimming and rescued him. Miss Bush is at present attending Margaret College, in Versailles.

POPULAR WOMAN IN ACCIDENT

Information was received by friends in this city of an accident which happened at Ford, Kansas, to Miss Virginia Slade, of Lexington. Miss Slade, who is very popular here, was injured in an auto collision. Her physicians report her injuries very serious, and that she will be confined to the hospital for about three weeks. Miss Slade, who has often given dramatic readings in Paris, is with the Redpath Leyceum Bureau of Kansas City, and was on a tour of Kansas when the accident occurred. She has many friends here who regret to learn of her accident.

What every mother should know—

THE one subject nearest a mother's heart is the welfare of her children. It is during childhood that their health is most important.

Weak, under-nourished children seldom develop into vigorous, healthy men and women. Malnutrition produces anemic constitutions, liable to many diseases. Food is the most important factor in the development of children.

An interesting fact to every mother in America is this: Grape-Nuts, served with milk or cream, is a complete food.

Grape-Nuts is

the wholesome, delicious cereal made of whole wheat flour and malted barley. It is rich in nutritive mineral salts that supply strength and nourishment to the growing body tissues. Your children will thrive on it.

Begin today to make Grape-Nuts, with milk or cream, the regular breakfast dish—not only for the children, but for you and the others as well.

Your grocer sells Grape-Nuts, the same delicious Grape-Nuts that is served in the leading hotels and restaurants of America.

The cost of Grape-Nuts is little—because of the large number of dishes you can serve from one package.

MRS. LAURA KIMBROUGH

**Stomach Trouble?**

Health is Most Important to You.
Columbus, Ga.—"Doctor Pierce's Golden Medical Discovery is certainly a grand medicine for stomach trouble. I have suffered greatly all my life from a disordered stomach. My food seemed to set so heavy, no matter what I ate. I have taken many of the medicines advertised for this trouble, but none of them has ever come up to Doctor Pierce's Golden Medical Discovery for giving prompt and lasting relief. Whenever I have a sluggish liver, with sick-headaches and constipation, I have found Dr. Pierce's Pleasant Pellets a very efficient remedy. They do not gripe or cause any other distressing condition such as a great many pills do."—Mrs. Laura Kimbrough, 3503 Erie Avenue.

Obtain this Medical Discovery of Doctor Pierce's at your nearest drug store, in tablets or liquid, or send 10c. to Doctor Pierce's Invalid Hotel in Buffalo, N.Y., for trial package, and write for free medical advice.

New Use for Old Clock.
Little brass or fancy clocks, which were very popular a while back, but which have lost their "going" powers and stay stopped, the face indicating a time that is wholly wrong all the time, can be saved for a new purpose by taking out the glass crystal with ease, inserting a picture and pressing it back in. Thus the little clock will be transformed into a picture frame and its prettiness will still adorn the mantel shelf.

Tobacco Growers and Warehousemen Who Violated Agreement Will Be Prosecuted

PAPERS PREPARED IN SUITS

The first of the suits against members of the Burley Tobacco Growers' Co-operative Association growing out of violations of their contracts pledging their 1921 tobacco crop by selling it over the independent looseleaf floors probably will be filed within the next few days, it was announced at the offices of the Association in Lexington, Friday. Warehousemen who have permitted the sale of such crops over their floors, also are to be made defendants in separate suits for damages.

The papers in a number of the suits have been prepared and await only the approval of General Counsel Aaron Sapiro, of the Association, to be pressed in the courts, according to the statement.

Many inquiries are being received at the offices of the Association for information as to its methods of marketing tobacco and the results achieved under the new system, as compared with the old auction system.

Reports from a number of counties in which the receiving plants of the Association have closed for the season show a warehouse expense of about 18 cents a hundred pounds for the tobacco handled, while under the old system the charge for warehousing alone was not less than 25 cents a hundred and ranged from that up to 80 cents a hundred in most of the warehouses of the Burley District.

Among the States from which inquiries as to the operation of the new tobacco co-operative have been received are California, Arizona, Connecticut, North Carolina, Wisconsin, New York, Ohio, Indiana, West Virginia, Tennessee, as well as from growers in Kentucky, who did not sign the contract last fall, but who are joining the Association by hundreds this year from almost every county in the district, as shown by the records of the Field Service Division.

**FIREBRAND, THOROUGHBRED,
WILL REMAIN IN KENTUCKY**

Firebrand, the 4-year-old McGee Subdue colt recently purchased by Jefferson Livingston for \$40,000, will remain in Kentucky throughout the spring racing season to fill his stake engagement, and will not be taken to New York, as was at first announced. He is in the stable of T. L. Price, and probably will remain here until the close of the Lexington meeting. Firebrand's stake engagement, and will not be tucky, and the handsome son of McGee is expected to be one of the foremost racers on the three-L circuit this season.

BODY OF MURDERED MAN BURNED HERE

The body of Carey Carmichael, colored, who was shot and killed in Singer's Alley, in this city, on the night of March 6, has been interred in the local colored cemetery, after having lain in an undertaking establishment since the day of the Coroner's inquest.

With the assistance of Postmaster, J. Walter Payne and postmasters in the South, Coroner Rudolph Davis finally succeeded in locating Carmichael's mother, who had moved from her home in Georgia to Bethel, North Carolina. She was informed by wire of her son's fate, and in a letter to Coroner Davis, authorized him to have the body buried here, as she was unable to pay the expense of transportation to her home. A short time before his death Carmichael took out a policy in a local insurance agency, the proceeds of which were used to defray the expenses of his burial here, the remainder being sent to his mother.
